回答问题专练

**请阅读下面的文章，根据所提供的信息，回答5个问题。
要求所写答案语法正确、语义完整切题。**

Close your eyes for a minute and imagine(想象) what life would be like if you couldn't see. Imagine having to read this page by touching the words on it. How do you feel, then?

With medical technology(医疗技术)today, two-thirds of the world's 42 million blind people have the hope of seeing again. Unluckily, rich countries have this technology, but poor countries do not.

ORBIS is an international charitable organization(国际慈善组织).It hopes to help fight blindness all over the world.In a DC-8 plane, there is a teaching hospital with a television room and a classroom.Doctors are taught the latest technology of helping the blind to see again here.ORBIS is always trying to keep a closer relation among countries.

ORBIS helps those poor countries by giving sight-saving training(培训).It has taught over 35, 000 doctors and nurses.They help thousands of blind people every year.They have traveled around the earth 3 times, visited 76 countries and helped over 20, 000 blind people.They need your kind heart to continue their work and free people from blindness.

For just 38 dollars, you can help one person to see; for 380 dollars 10 people can see; 1,300 dollars helps train a doctor to learn new skills; and 13,000 dollars is enough for a group of doctors to have a training program, which can make thousands of blind people see again. Your love can help them open their eyes to the world.

1. How many blind people are there in the world according to the passage

There are 42 million blind people in the world.

2. What does ORBIS hope to do?

It hopes to help fight blindness all over the world.
