**A2** **Listen again and fill in the blanks.**

**Dear Sir or Madam,**

**We are writing to tell you about some wild animals in danger.**

**Tigers are big and strong.They have very bright eyes.**

**Tigers like to live alone .There are not many tigers in the world now.Tigers are in danger because people catch them for their fur,bones or other parts of the body.**

Wolves are not very big.They can see, **hear** and **smell** things far away.They often work as a **team** .Sadly,they have fewer and fewer living areas,and people kill them because they think wolves are **dangerous** to humans.They are now in danger.We think we should help these animals.

Yours sincerely

*Millie  Daniel*

## Speak up:It's a great pity!

**Millie is talking to her mum about protecting wild animals.Let's listen and fill in the blanks.**

**Millie:Mum,I read a book about wild animals today.Some o**f them are now in danger.

Mum:I'm sorry to hear that.It's a great pity.

Millie: Yes.Many animals lose their lives because people hunt them.They sell  the animals'fur,bones or other parts of the body

Mum:What a shame!We should(not) buy fur coats any more

Millie:Right.I think everybody should act to protect wild animals.

**Read and answer.**

Why are some wild animals in danger?
They lose their lives because people hunt them.People sell their fur,bones or other parts of the body.

What can we do to protect wild animals?
We shouldn't buy fur coats any more.

## Practice

Make a new dialogue by using it as a model.

S1: _____,I read a report
about _pandas_ today.
People kill them because
they _sell pandas'fur_.
S2:Oh,I'm sorry to hear that.
It's a great pity.
S1:Yes.We should act to
protect them.
S2:I agree with you.
S1:_We should stop buyingfur coats_
then hunters won't kill
_pandas_ any more.
S2:You are right.
