Welcome to this short tour of London. This square is **Trafalgar Square** and it is the middle of London. We're standing opposite **the National Gallery**, a famous museum with lots of famous paintings. From here, we'll walk along the red street to **Buckingham Palace**. The Queen lives there.

Turn left and go to **the Houses of Parliament** and **Big Ben**. Opposite you can see **the London Eye**. It takes you 135 metres above **the River Thames**. You can see most of London on a clear day.

When you are tired, the best way to see London is by boat. You can get the boat near **Big Ben. As you go along the river, **the London Eye** is on your right.**

Get off the boat at **Tower Bridge. Next to the bridge is **the Tower of London**. It's over 900 years old.**

After visiting **the Tower of London**, take the boat back along the river to the railway station. When you get off the boat, go past the station and walk along the street. Turn left into **King's Street** and go past a church. You're now back at the square. And this is where we'll finish our tour.
