To make it, I prepared some string and a small bag that looks like a rice dumping. I also collected some leaves of a special plant called Ai Cao. Then, I put Ai Cao into the bag and tied it with the string.

Next time you come to China, I'll show you how to make it.

To be a better self

Dear schoolmates,

I am Li Hua. I am glad to be here to give a speech about "To be a better self". Being a better self, I think, means more than being excellent in study but being an all-round person.

In order to become a better version of ourselves, we should first be grateful. We should love our parents. We also use our spare time to serve the community. If we meet people in need of help, we should lend a hand in time. Second, we should get close to nature. We should protect the environment and care for animals. We also do volunteer work to promote the importance of animals and plants. Finally, we have to love ourselves. We should live a healthy life and develop our hobbies. We should learn ways to relax ourselves and keep a good mood. I strongly believe that a better self can definitely lead us to a better future and let's make changes from now on.
