# 第1章 简介

## 为什么学习医院英语对话

在医院工作或就诊时，流利的英语对话能够帮助您更好地理解病情、医嘱等重要信息。英语对话还可以帮助您更好地与外国患者或医护人员进行交流，提升服务质量。

# 医生问诊英语对话

医生：What seems to be the problem? 病人：

I have a headache and a sore throat.

医生：How long have you had these

symptoms? 病人：For about two days

now.

# 医护人员工作英语对话

## Handover

传达病人情况  
注意特殊要求

## Nursing care

监测体征  
协助病人就餐

## Emergency response

迅速反应急救  
协助医生抢救

## Medication administration

按时给药  
记录患者反应

02

## 第二章 病人接待英语对话

# 病人登记

## Patient Registration

Hello, I'm here for a doctor's appointment. Do I need to register?  
Yes, please show a valid ID.

## Process

Fill out this form with your personal information.  
Wait in the waiting area for your turn.

## Payment

Please pay the registration fee at the counter.  
We accept cash and credit cards.

## Patient Records

Your medical history will be saved in our database.  
Make sure to update any changes in your contact information.

## 交付药物

After the doctor's consultation, you will be given a prescription for the necessary medication. You can collect the prescribed medication from the pharmacy. Remember to follow the dosage instructions provided by the pharmacist.

03

## 第三章 医生问诊英语对话

## 了解病史

During a medical consultation, it is important for doctors to inquire about the patient's medical history. Common questions include: 'Do you have any allergies?' to which the patient might respond, 'I am allergic to penicillin.' Understanding the patient's medical history is crucial for providing appropriate treatment.

# 给出建议

## Recommendation 1

Please get plenty of rest.  
Drink lots of water to help  
relieve symptoms.

---

## Recommendation 2

Follow the prescribed  
medication schedule.  
Monitor your symptoms and  
report any changes.

---
