My Weekend

Last weekend, my classmates and I participated in a farm-picking activity. It was an unforgettable experience for me.

Surrounded by green trees, the farm is located at the foot of the hill near our school. There is a small river flowing through the farm. While enjoying being close to nature, we began to help pick peaches covering every tree. We worked in pairs, one picking peaches and the other carefully putting them into a big box.

Through taking part in this picking activity, I have become aware of the significance of work. I am determined to study hard, to be a useful person to the country and to make contributions to the improvement of people's lives.
