

The information in this document is subject to change without notice and describes only the product defined in the introduction of this documentation. This documentation is intended for the use of Nokia Solutions and Networks customers only for the purposes of the agreement under which the document is submitted, and no part of it may be used, reproduced, modified or transmitted in any form or means without the prior written permission of Nokia Solutions and Networks. The documentation has been prepared to be used by professional and properly trained personnel, and the customer assumes full responsibility when using it. Nokia Solutions and Networks welcomes customer comments as part of the process of continuous development and improvement of the documentation.

The information or statements given in this documentation concerning the suitability, capacity, or performance of the mentioned hardware or software products are given "as is" and all liability arising in connection with such hardware or software products shall be defined conclusively and finally in a separate agreement between Nokia Solutions and Networks and the customer. However, Nokia Solutions and Networks has made all reasonable efforts to ensure that the instructions contained in the document are adequate and free of material errors and omissions. Nokia Solutions and Networks will, if deemed necessary by Nokia Solutions and Networks, explain issues which may not be covered by the document.

Nokia Solutions and Networks will correct errors in this documentation as soon as possible. IN NO EVENT WILL Nokia Solutions and Networks BE LIABLE FOR ERRORS IN THIS DOCUMENTATION OR FOR ANY DAMAGES, INCLUDING BUT NOT LIMITED TO SPECIAL, DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL OR ANY LOSSES, SUCH AS BUT NOT LIMITED TO LOSS OF PROFIT, REVENUE, BUSINESS INTERRUPTION, BUSINESS OPPORTUNITY OR DATA, THAT MAY ARISE FROM THE USE OF THIS DOCUMENT OR THE INFORMATION IN IT.

This documentation and the product it describes are considered protected by copyrights and other intellectual property rights according to the applicable laws.

### **Important Notice on Product Safety**

This product may present safety risks due to laser, electricity, heat, and other sources of danger.

Only trained and qualified personnel may install, operate, maintain or otherwise handle this product and only after having carefully read the safety information applicable to this product.

The safety information is provided in the Safety Information section in the "Legal, Safety and Environmental Information" part of this document or documentation set.

Nokia Solutions and Networks is continually striving to reduce the adverse environmental effects of its products and services. We would like to encourage you as our customers and users to join us in working towards a cleaner, safer environment. Please recycle product packaging and follow the recommendations for power use and proper disposal of our products and their components.

If you should have questions regarding our Environmental Policy or any of the environmental services we offer, please contact us at Nokia Solutions and Networks for any additional information.

## Table of Contents

This document has 17 pages

	Summary of changes.....	6
1	Introduction.....	7
2	Traffic dimensioning principles.....	8
2.1	Overbooking factor.....	11
3	Traffic modeling.....	12
4	Default LTE traffic model.....	13

---

## List of Figures

Figure 1	Overall dimensioning process.....	8
Figure 2	Offered vs served traffic.....	9
Figure 3	Traffic daily profile.....	9
Figure 4	Overall dimensioning workflow (E-UTRAN + EPC).....	10
Figure 5	Subscription rate vs average throughput.....	11
Figure 6	Steps in traffic modelling.....	12

## List of Tables

Table 1	Exemplary TM.....	10
Table 2	Service characteristics.....	13
Table 3	Traffic mix's for different subscriber type.....	13
Table 4	Calculated values for BHCA.....	15
Table 5	Traffic model for LTE.....	17
