第二题

Read the following passage carefully and then answer the questions below.

With the rapid development of technology in the past few decades, social media has become an integral part of our daily lives. Platforms like Facebook, Twitter, and Instagram have revolutionized the way we communicate, share information, and connect with others. However, this technological revolution has also brought about various challenges and ethical dilemmas.

Text:

The advent of social media has undoubtedly made our lives more convenient and connected. We can now communicate with our friends and family across the globe in real-time, share our experiences, and stay updated with current events. Moreover, social media has provided a platform for individuals to express their opinions and ideas freely, fostering a sense of community and collective action.

Despite its numerous benefits, social media also has its downsides. One of the most significant concerns is the potential for misinformation and fake news to spread rapidly. This not only undermines the credibility of traditional news sources but also poses a threat to public opinion and decision-making.

Additionally, the addictive nature of these platforms can lead to issues such

as decreased productivity, anxiety, and depression.

Another major concern is the impact of social media on mental health. constant comparison with others can lead to low self-esteem and body image concerns, especially among young people. Cyberbullying has also become a prevalent problem, where individuals can hide behind screens and harass others without fear of immediate consequences.

To mitigate these challenges, it is crucial for users to be critical of the content they consume and share online. Being mindful of our digital footprint and the potential consequences of our actions is essential. Governments and social media companies should also take responsibility by implementing stricter regulations and algorithms to identify and filter out false information.

Questions:

1、 What is the main topic of the passage?

Answer:A.The benefits and drawbacks of social media.

2、 According to the passage, what is one of the main challenges related to social media?

Answer:B.The spread of misinformation.

3、 Which of the following is NOT mentioned as a negative impact of social media?

Answer:C.Improved communication.
